

THE ENCLAVES

A RITZ-CARLTON RESERVE RESIDENCE

TO EXPLORE

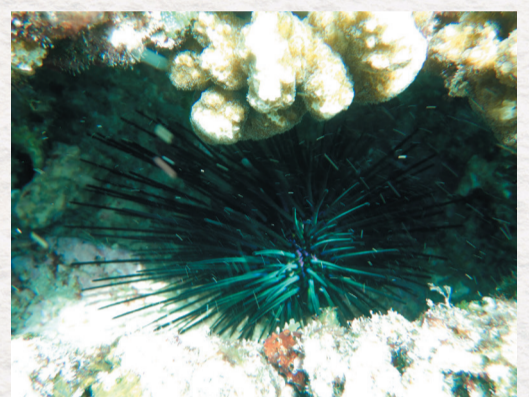

THE OCEAN SAFARI

Living in a place considered the aquarium of the world always awakens a peculiar sense of adventure; the Sea of Cortez grants a mesmerizing marine diversity within easy to reach for any underwater explorer.

The Ocean Safari experience tailor-made for *The Enclaves, A Ritz-Carlton Reserve Residence*, provides a true glimpse of the natural habitat of the marine wildlife.

Embarking on the exhilarating ride along the diamond-clear water while leaving behind the iconic Los Cabos Arch only marks the beginning of a great adventure at the ocean.

The carefully selected areas to explore are some of the Earth's greatest collection of underwater settings, the perfect sites to maximize the quality of your marine encounters.

“The Baja peninsula emerged 14 million years ago, and the volcanic origin of the soil creates an unrepeatable biological and ecological richness of its seabed.”
- Biologist and expert diver Abraham, head of the expedition, explained. -

Swim across these shallow reefs, allows to discover an underwater sanctuary, where a rich number of marine species interact with each other at the seafloor landscapes.

The curated Ocean Safari by *InCabo Travel* is conceived to provide an unforgettable experience from beginner snorkelers through to experienced divers and inspire each and every explorer's spirit to connect to the life within the Sea of Cortez.
